

Taking, Storing & Using Images of Children Policy

This Policy

- This Policy is intended to provide information to pupils and their parents, carers or guardians (referred to in this policy as "parents") about how images of pupils are normally used by Silcoates School, Wrenthorpe, WF2 0PD ("the School"). It also covers the School's approach to the use of cameras and filming equipment at School events and on School premises by the School, parents, pupils and the media.
- This policy applies in addition to the School's terms and conditions, and other School policies as amended from time to time, specifically;
 - The School's Privacy Policy/Notice
 - CCTV Policy
 - Safeguarding Policy & Child Protection Policy
 - E-Safety, Social and Digital Media Policy
 - Retention of Records Policy

General points to be aware of

- Certain uses of images are necessary for the ordinary running of the School; other uses are in the legitimate interests of the School and its community and unlikely to cause any negative impact on children. The School is entitled lawfully to process such images and take decisions about how to use them, subject to any reasonable objections raised.
- Parents who accept a place for their child at the School are invited to indicate agreement to the School using images of him/her as set out in this policy, by completing, signing and returning **Appendix A** to this policy. However, parents should also be aware of the fact that certain uses of their child's images may be necessary or unavoidable during normal and legitimate operations of the School, for example if they are included incidentally in CCTV or a photograph.
- We hope parents will feel able to support the School in using pupil images and filmed footage to celebrate the achievements of pupils, sporting and academic; to promote the work of the School; and for important administrative purposes such as identification and security.
- Any parent who wishes to limit the use of images of a pupil for whom they are responsible should contact the **Marketing Manager**, in writing, or complete the appropriate section of **Appendix A** to this policy. The School will respect the wishes of parents/carers and pupils wherever reasonably possible, and in accordance with this policy.
- Parents should be aware that from the age of 13 and upwards (please refer to the School's Privacy Policy/Notice for further information on rights) the law recognises pupils' own rights to have a say in how their personal information is used – including images.

Use of Pupil Images and Filmed Footage in School Publications

- Unless the relevant pupil or their parent has requested otherwise, the School may use images and filmed footage of its pupils to keep the School's community updated on the activities of the School, and for marketing and promotional purposes, including:
 - on internal displays on digital and conventional notice boards within School premises;
 - in communications with the School's community (parents, pupils, staff, Governors and alumni) including by email, on the School intranet (Firefly) and by post;
 - on the School's website and, where appropriate, via the School's social media channels, e.g. Twitter, Instagram and Facebook. Such images would not normally be accompanied by the pupil's full name without explicit permission; and
 - in the School's prospectus, and in online, press and other external advertisements for the School. Such external advertising would not normally include pupil's names and in certain circumstances the School will seek the parent or pupil's specific consent, depending on the nature of the image or the use.
 - The source of images and recordings will predominantly be the School's staff (who are subject to policies and rules in how and when to take such images), or a professional photographer used for marketing and promotional purposes, or occasionally pupils. The School will only use images of pupils in suitable dress and the images will be stored securely and centrally.

Use of Pupil Images for Identification and Security

- All pupils are photographed on entering the School and, thereafter, at regular intervals, for the purposes of internal identification. These photographs help identify the pupil by name, year group, house and form/tutor group.
- CCTV is in use on School premises, and will sometimes capture images of pupils. Images captured on the School's CCTV system are used in accordance with the School's Privacy Policy/Notice and CCTV Policy.

Use of Filming Equipment by School

- The School may choose to deploy filming equipment at School events such as sporting fixtures and tournaments. Reasonable steps will be taken to ensure that participants understand when live filming is taking place via visible signage at the event venue and, if applicable, information in event programmes.
- Filmed footage may be used by the School for the benefit of teaching and learning. For example, by facilitating action replay feedback to help pupils improve their sporting performance.
- Filming equipment will only be deployed in acceptable, School-endorsed environments, with pupils in an appropriate state of dress. Filming will not be permitted in toilet, washing or changing areas.
- Recordings are subject to the same security protocols as still images.
- Filmed material will not be shared outside of the School community (parents, pupils, staff, Governors and alumni). Any recordings made available to School community members must not be downloaded or shared more widely by them.

Use of Pupil Images in the Media

- Where practicably possible, the School will always notify parents in advance when the media is expected to attend an event or School activity in which School pupils are participating, and will make every reasonable effort to ensure that any pupil whose parent or carer has refused permission for images of that pupil, or themselves, to be made in these circumstances are not photographed or filmed by the media, nor such images provided for media purposes.
- The media often asks for the names of the relevant pupils to go alongside the images, and these will be provided where parents have been informed about the media's visit and either parent or pupil has consented as appropriate.

Security of Pupil Images

- Professional photographers and the media are accompanied at all times by a member of staff when on School premises. The School uses only reputable professional photographers and makes every effort to ensure that any images of pupils are held by them securely, responsibly and in accordance with the School's instructions.
- The School takes appropriate technical and organisational security measures to ensure that images of pupils held by the School are kept securely on School systems, and protected from loss or misuse. The School will take reasonable steps to ensure that members of staff only have access to images of pupils held by the School where it is necessary for them to do so.
- Images and recordings of pupils are retained in accordance with the School's Retention of Records and Privacy Policies.
- All staff are given guidance on the importance of ensuring that images of pupils are made and used responsibly, only for School purposes, and in accordance with School policies and the law.

Use of Cameras and Filming Equipment (including mobile phones) by Parents

- Parents, guardians or close family members (hereafter, parents) are welcome to take photographs of (and where appropriate, film) their own children taking part in School events, subject to the following guidelines, which the School expects all parents to follow:
 - When an event is held indoors, such as a play or a concert, parents should be mindful of the need to use their cameras and filming devices with consideration and courtesy for cast members or performers on stage and the comfort of others. Flash photography can disturb others in the audience, or even cause distress for those with medical conditions; the School therefore asks that it is not used at indoor events.
 - Parents are asked not to take photographs of other pupils, except incidentally as part of a group shot, without the prior agreement of that pupil's parents.
 - Parents are reminded that such images are for personal use only. Images which may, expressly or not, identify other pupils should not be made accessible to others via the internet or Social Media platforms (for example on Facebook, Twitter), or published in any other way.
 - Parents are reminded that copyright issues may prevent the School from permitting the filming or recording of some plays and concerts. The School will always print a reminder in the programme of events where issues of copyright apply.
 - Parents may not film or take photographs in changing rooms or backstage during School productions, nor in any other circumstances in which photography or filming may embarrass or upset pupils.

- The School reserves the right to refuse or withdraw permission to film or take photographs (at a specific event or more generally), from any parent who does not follow these guidelines, or is otherwise reasonably felt to be making inappropriate images.
- The School sometimes records plays and concerts professionally (or engages a professional photographer or film company to do so), in which case CD, DVD or digital copies may be made available to parents for purchase. Parents of pupils taking part in such plays and concerts will be consulted if it is intended to make such recordings available more widely.

Use of Cameras and Filming Equipment by Pupils

- All pupils are encouraged to look after each other, and to report any concerns about the misuse of technology, or any worrying issues to a member of the pastoral staff.
- The use of cameras or filming equipment (including on mobile phones) is not allowed in toilets, washing or changing areas, nor should photography or filming equipment be used by pupils in a manner that may offend or cause upset.
- The misuse of images, cameras or filming equipment in a way that breaches this Policy, or the School's Anti-Bullying Policy, Safeguarding Policy, Privacy Policy/Notice, ESafety and Digital Media Policy, IT Acceptable Use Policy for Pupils or the School Rules is always taken seriously, and may be the subject of disciplinary procedures or dealt with under the relevant safeguarding policy as appropriate.

Use of Cameras and Filming Equipment by other Schools

- Occasionally, representatives from other Schools, for example groups or teams who are visiting to participate in an event, may request permission to record the match, sports fixture or other event which they are attending at Silcoates School. In these cases:
 - Silcoates School require that permission is sought by the visiting School in advance of the event.
 - Event organisers at Silcoates School will ensure that permission is sought from the event participants, providing they are in Year 9 or older.
 - Silcoates School will not permit recording by another School of any event which involves pupils in Year 8 or younger.
 - When an event is held indoors, the use of cameras and filming devices must be done so with consideration and courtesy for the comfort of others. Flash photography must not be used at indoor events.
 - Images or footage taken by other Schools must not, expressly or not, be made accessible to others via the internet or Social Media platforms (for example on Facebook, Twitter), or published in any other way.
 - Photography or filming is not permitted in toilet, washing or changing facilities, nor in any other circumstances in which photography or filming may cause embarrassment or upset.
- The School reserves the right to refuse or withdraw permission to film or take photographs (at a specific event or more generally), from persons and/or organisations who do not follow these guidelines, or are otherwise reasonably felt to be making inappropriate images.

The School is fully committed to ensuring that the application of this policy is non-discriminatory in line with the UK Equality Act (2010). Further details are available in the School's Equal Opportunity Policy document.
